FOOD

POLICY AND PROCEDURES

Included meals are listed on the trips itinerary. Snacks and other non-mealtime food or beverage items may be purchased at the travelers' expense. Appetizers, desserts, and specialty drinks (milkshakes, alcohol, "virgin" drinks, etc.) are not included in the price of trip. Travelers may purchase these at their own expense. Alcoholic drinks are permitted on Hammer Travel vacations with guardian approval (see alcohol policy). Breakfasts typically will be "continental" breakfasts at hotels. Lunch and dinner will be at or delivered from restaurants. Please note, we will order delivery from restaurants only if absolutely necessary (i.e. late arrival at destinations, weather, etc.). Hammer Travel will follow dietary/budget requirements included in registration materials to the best of our abilities. Hammer Travel is not responsible for travelers deviating from their dietary plans while separated from the Hammer Travel group, for food related medications not sent with travelers, or travelers secretly consuming food or beverage items not in their dietary plans.
