

## **TRAVEL ELIGIBILITY**

### **Policy and Procedures**

Hammer Travel trips are open to individuals 18 and older who have been diagnosed with an intellectual disability. Other eligibility considerations include, but are not limited to:

- Being able to travel at a 1:4 staff/traveler ratio
- Being able to demonstrate proper social behavior
- Ability to be cooperative, courteous, and considerate of others on the trip
- Only needing reminders or minimal supervision/support to complete personal cares
- Ability to abide by rules, regulations, and policies set by attractions and facilities at destination, and Hammer Travel
- Having no major medical or medically fragile conditions

Hammer Travel reserves the right to determine if a traveler is eligible for participation on a trip. Travelers who require extra assistance, or do not fit into our eligibility requirements, may provide their own personal assistant at a discounted rate, or may pay a higher fee for extra staffing, if available, and agreed to by Hammer Travel. Any traveler needing accessible transportation, wheelchair rental, or additional personal care support should call us before booking a trip (fees may apply).

Hammer Travel trips are wheelchair assessable unless otherwise specified. Space is limited on the number of wheelchairs we can take on a trip and extra staffing may be needed. Please call us before booking to be sure space is available, and to determine how much assistance will be needed.

Please note that any agency registering four travelers for the same trip may provide a staff at no additional charge, and that personal care assistants can travel at a discounted rate.
